Life with Landy

Talking about feeling sad:

Landy had been left all alone in a field.

He felt sad and unwanted because the farmer didn't need him anymore.

James now used Pickup instead, for all the jobs on the farm.

Landy liked to have a friend to drive him around.

He wanted to be helpful and to be liked by others.

In life, we often feel lonely for different reasons.

Sometimes we need to make a big effort to find new friends or new interests.

It's not always easy.
