## Molly the Dog's Story

My name is Molly. I have lived with Jack since I was a puppy. We are best friends and live together in a blue wooden house with a lovely, big garden.

Every day, Jack and I play together. He throws me my orange ball and I chase after it. We have lots of fun! I always drop it back at his feet so he can throw it again.

A few weeks ago, a new friend came to live with us. His name is Landy and he is an old Land Rover. When we go out for a ride, I sit on his passenger seat and stick my nose out the window.

But I have a problem. Ever since Landy came to stay with us, Jack has forgotten to play with me. I carry my ball to him, but he is always too busy to notice me. I miss running around and having fun with Jack.

Today I'm feeling rather fed up. I need some exercise, so I think I'll go and do some digging in the vegetable patch and then chase rabbits in the garden.
